THIRD AMENDMENT PRIOR TO FIRST OFFICE ACTION

Dear Sir:

Pro Se applicant submits with apologies to the examiner, the following amendments prior to the first office action contained hereinbelow.

Corrected pages 11, 18, and 22 of Substitute specification filed in second amendment prior to first office action filed June 17, 2004 because of type-o's (also found in the same location within the original specification). Pro Se applicant has included a clear copy of the three pages for insertion into the substitute specification.

Pro Se applicant thought it would be helpful to the examiner if reference points for the new subject matter

were listed as to the location in the substitute specification. (Pg 7) lines 2-15, (pg 9) lines 7,8,10,11, (pg 10) line 10, (pg 24) lines 14-21, (pg 25) lines 1-10 on pgs 1-41 , (pg 26) lines 8-15, (pg 27) lines 1-18, (pg 35) # 11, (pg 36) # 17, (pg 37) # 21, and (pg 38) # 22 from line 7 "the pivot pin" to line 13.

Pro Se Applicant would like to bring to the Examiner's attention that all of the wording in the substitute specification is exactly the same as the original specification filed 11/20/2003. Perhaps Pro Se Applicant should have used the second amendment to cancel out certain portions of the preliminary amendment instead of filing a substitute specification.

This amendment contains no new subject matter.

Very Truly Yours,

A handwritten signature in black ink, appearing to read "Michael James Cameron", written over the typed name.

Michael James Cameron

First Named Inventor
